## PROFILE

Innovative and detail-oriented web developer with 4 years of experience in designing and developing responsive websites and web applications. Proficient in HTML, CSS, JavaScript, and React. Skilled in using various web development frameworks such as Angular, Node.js, and Express.js. Strong problem-solving skills with a proven track record of delivering high-quality projects on time and within budget.

## SKILLS

- Python
- Django , DRF , MVT
- Javascript ,
- Html, css
- Bootstrap , Tailwind
- Problem Solving
- Leadership

## CAREER OBJECTIVE

To secure a challenging position as a web developer in a dynamic and growth-oriented organization where I can utilize my technical skills and experience to create high-quality, user-friendly, and visually appealing websites. My goal is to be a part of a team that is committed to innovation, continuous learning, and excellence in web development. I strive to keep myself updated with the latest trends and technologies in the field and bring my creativity and problem-solving skills to every project.

## PROFESSIONAL QUALIFICATION

- Aspiring web professionals often begin by pursuing a web developer education. Some opt for certificate programs or online web developer courses instead, but professionals seeking lucrative positions should pursue associate or bachelor's degrees in web development, information technology, computer science, or a similar field<sup>1</sup>. Most prospective employers for web developers prefer that candidates hold a bachelor's degree in computer science or a related field

## EDUCATION HISTORY

-  **Bachelor of Computer science & engineering**  
DHAKA CITY COLLAGE
-  **Higher Secondary School Certificate.(2020)**
